The current account for graduates

Student life – been there, done that. Now you've graduated, it's time to get out there and make your mark.

Whatever your plans for the future, you'll need an account that fits your new life. We have a range of products and services to help you make the most of your money after graduation. Talk to us about how we can help you keep your finances on track.

Got our 3rd Level Student current account? We'll automatically upgrade it to our Graduate current account.

Not a Bank of Ireland UK customer? If you graduated in the past three years, you can apply and switch to a Graduate account at bankofirelanduk.com or by phoning us.

As a Graduate current account holder, you can enjoy the range of products and services in our Graduate banking package for two years.

You don't have to pay anything to keep a current account with us. There are no transaction or monthly account fees. You'll pay charges if you try to make a payment from your account when there is not enough money in the account, or enough of an arranged overdraft limit available. These charges can be found in the "Current account charges explained" brochure.

Interest-free and fee-free overdrafts for up to £3,000 for 2 years

Need a little extra money to tide you over? Apply online for an overdraft on your Graduate account. You won't have to pay interest or fees. You can find out more about overdrafts in our Overdraft brochure.

You must be aged over 18 to apply for an overdraft. Whether we can offer you credit depends on your circumstances and our lending conditions.

Number of years spent in full time 3rd level education (excluding post-grad years)?	Interest-free overdraft available to you
3 years	£1,500
4 years	£2,000
5 years	£3,000

If you had a Graduate account before 25 October 2022, you can apply for a higher arranged overdraft limit. This is subject to our lending conditions. You can find out more in our Overdraft brochure.

Charges will apply if you use your card for payments or cash withdrawals in foreign currency. Please see our "Current account charges explained" brochure for details.

Digital Wallets

Add your debit card to your digital wallet to make quick, easy, contactless payments using your phone. You can also pay for goods and services in apps or online using Apple Pay and Google Pay.

Text Alerts

We send you free text alerts to help you stay in control of your money and prevent fraud. You can find out all about our text alerts in the "Current account charges explained" brochure.
